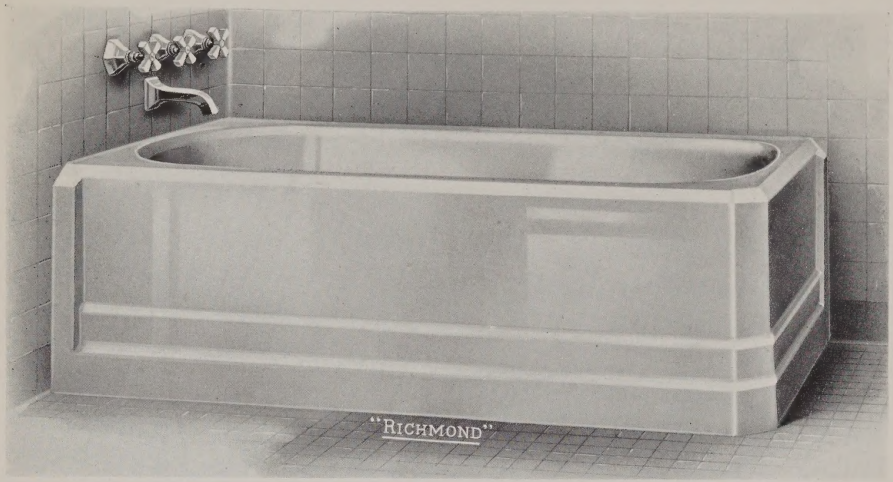
INTRODUCTION

RICHMOND Enameled Ware is made in one grade only—the best. Through the years our formula has remained the same, for strive as we have, we cannot better it nor can any other product equal it. Uniformity of Castings, a true white lustre ever enduring, and a smooth, clean surface are visible evidences of a steadfast purpose to produce a type of sanitary ware that is unexcelled.

So that all may be able to identify that which we strive to build so well, our product has our name, "Richmond," permanently cast on it in raised letters. When it leaves the factory the Richmond label is placed on it. Back of our name is our unqualified guarantee.

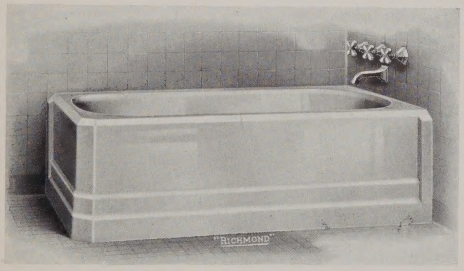
Richmond Enameled Ware is made in Uniontown, Pa. Stocks are carried in the larger cities and distributed to the plumber through Plumbing Supply Houses. Upon request we will advise any dealer of the nearest wholesaler.

"RICHMOND" ENAMELED WARE IS MADE IN WHITE AND ALL STANDARDIZED COLORS, BOTH REGULAR AND ACID RESISTING



J-1312 "MODERN" BATH—CORNER PATTERN

For Concealed Fittings—Left-Hand Corner—Left-Hand Waste Outlet
Beveled Rim—Double Shell—For Tiling In—One-Piece Construction—Enameled All Over

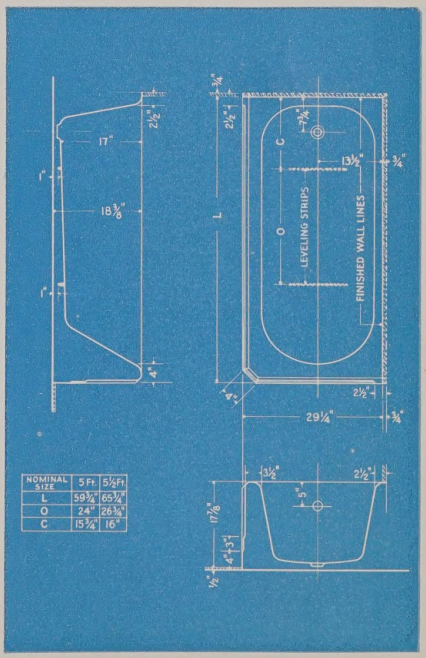


J-1307 "MODERN" BATH
Right-Hand Corner—Right-Hand Waste Outlet
Otherwise the same as J-1312
shown above

MEASUREMENTS

	5′	5½′
Nominal sizes		
Length, over all	60½″	66½″
Length, from finished wall	59¾″	65¾″
Width, over all	30″	30″
Width, from finished wall	29¼″	29¼″
Height, floor to top of rim	17⅞″	17⅞″
Height, over all	18⅜″	18⅜″
Side wall to center of waste outlet	13½″	13½″
Rim	3½″	3½″
Approximate shipping weight	500 lbs.	550 lbs.
Code word, J-1307	Nabob	Nacre
Code word, J-1312	Naiad	Nadir

Drain outlet regularly for 1½″ fittings. Can be made for 2″ fittings at a small additional charge

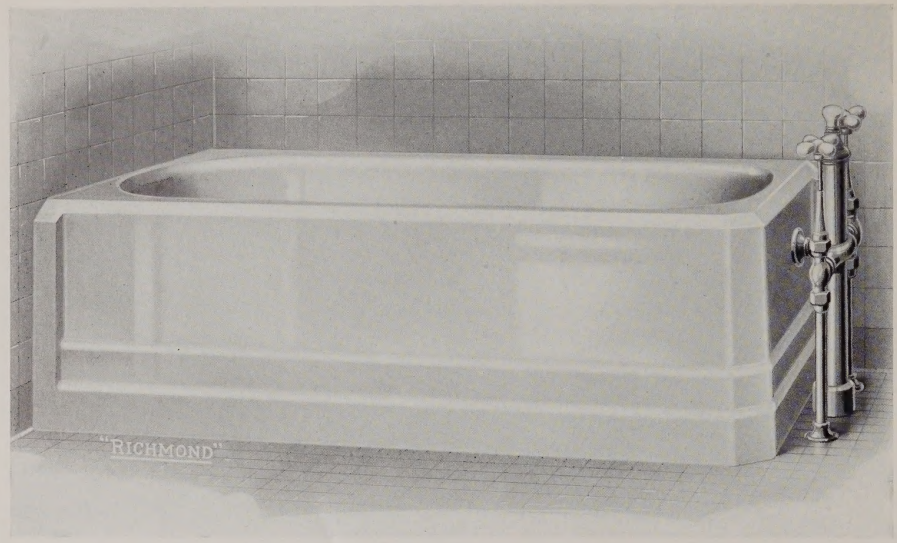


MEASUREMENTS MAY VARY ONE-HALF INCH

ROUGHING-IN FOR J-1312 AND J-1307

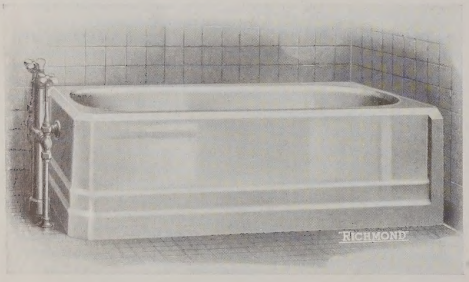
ALLOWANCE FOR BUILDING INTO WALLS ¾″ AND INTO FLOOR ½″

"RICHMOND" ENAMELED WARE IS MADE IN WHITE AND ALL STANDARDIZED COLORS, BOTH REGULAR AND ACID RESISTING



J-1310 "MODERN" BATH—CORNER PATTERN

For Exposed Fittings—Left-Hand Corner—Right-Hand Waste Outlet
Beveled Rim—Double Shell—For Tiling In—One-Piece Construction—Enameled All Over



J-1305 "MODERN" BATH
Right-Hand Corner—Left-Hand Waste Outlet
Otherwise the same as J-1310

INTRODUCTORY—CATALOG C-1

RICHMOND Vitreous China Plumbing Fixtures are produced by a skilled organization, with a background of forty years' experience.

Only the highest grade materials are used in our manufacturing. Extremely high firing temperatures are maintained, assuring complete vitrification, eliminating possibility of crazing or dunting.

Every fixture we supply is submitted to a rigid inspection and must grade strictly "A" quality. We sell no culls.

Richmond Vitreous China is available in a wide range of colors, matching our enameled ware. This enables us to supply complete bathroom outfits. We carry a large stock of staples, ready for immediate shipment, in the six standardized colors adopted by Bureau of Standards of the U. S. Department of Commerce.

"RICHMOND" VITREOUS CHINA IS MADE IN WHITE AND ALL STANDARDIZED COLORS

426-C NEW ERA COMBINATION

Elimination of the hump in this wash-down bowl is a distinct and exclusive feature of the new, patented, "NEW ERA" combination. The unbeaded chamfered corners on bowl and tank present a symmetrical combination for the modest modern home.

Tanks regularly furnished with complete trimmings and wall hangers.

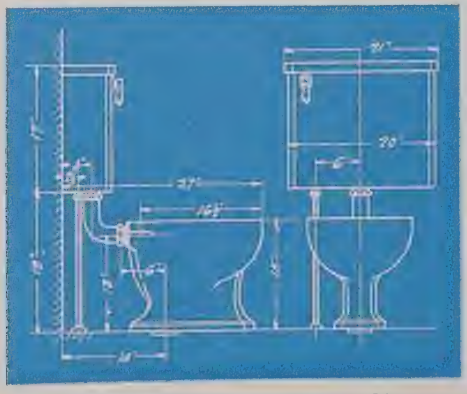
Bowl, crated weight, 56 lbs.
Regular tank, crated weight, 60 lbs.
Large tank, crated weight, 75 lbs.

424-C HARRIS COMBINATION

This combination bowl and tank embodies all the features of the New Era (shown at left) with an added bead-edge on tank. The beaded-edge design blends with many "period" styles of architecture.

Tanks regularly furnished with complete trimmings and wall hangers.

Bowl, crated weight, 56 lbs.
Tank, crated weight, 60 lbs.



MEASUREMENTS MAY VARY ONE-HALF INCH

ROUGHING-IN FOR 426-C AND 424-C

"RICHMOND" VITREOUS CHINA IS MADE IN WHITE AND ALL STANDARDIZED COLORS

410-C ATHENS COMBINATION

Designed for modernistic surroundings—extremely silent syphon jet bowl. Tank fittings by Curtin.

Roughing in at 12″.
Combination, crated weight, 157 lbs.

166-C STACY PEDESTAL LAVATORY
22 x 27 inches

A style companion for the ATHENS combination (shown at left). The concealed front overflow hides from view the objectionable aperture. The amply-sloped top drains to basin.
